

Braintree Plugin API Keys Setup Guide

To configure **Braintree Plugin**, the admin needs to enter the necessary keys provided in **System Settings > Plugins > Regular Payment Methods > Braintree > Settings Icon**.

The screenshot shows a form titled "Braintree Plugin Settings". It contains three input fields, each with an asterisk indicating it is required: "Merchantid*", "Public Key*", and "Private Key*". Below the fields is a blue button labeled "SAVE CHANGES".

To configure Braintree plugin (Sandbox), please follow the below steps -

1. Visit <https://www.braintreepayments.com/> which will redirect the admin to the **Braintree** homepage as shown in the figure 2 below. Please note that a user can create a free **Sandbox** account with Braintree for **testing** purposes. To register with a paid account to **go live** or to upgrade an account, please contact their sales team by clicking on the '**Contact Sales**' button provided on the homepage.

NB: Nota Bene [Note Well] (N.B., N.b., n.b or NB, Nb, nb) is a Latin phrase, meaning 'note well' or 'take notice' or 'please note'. Asterisk (*) next to a form control's label indicates it as 'required'.

The steps to configure **Braintree Sandbox** keys are mentioned below.

2. Click on the **'Login'** button provided on the top header of the homepage which will open a dropdown menu as shown in the figure above. Click on **'Sign Up'** to create a Sandbox account or proceed with **'Login'** if you already have a sandbox account.
3. Complete the signup process as per the instructions. Once logged in, the admin will be redirected to the Braintree **Dashboard** as shown in the figure 3 below.

NB: Nota Bene [Note Well] (N.B., N.b., n.b or NB, Nb, nb) is a Latin phrase, meaning 'note well' or 'take notice' or 'please note'. Asterisk (*) next to a form control's label indicates it as 'required'.

The screenshot displays the Braintree Dashboard interface. At the top, it says "Welcome to the Sandbox". Below this, there are two main sections:

- Build a Custom Integration:** This section prompts the user to "Choose a platform and follow along with our API docs to start your custom integration." It includes a "View Docs" button.
- Not creating from scratch?:** This section states "We make it easy to build with Braintree through a number of third-party integrations." It includes a "Find A Solution" button.

Below these sections is the "Sandbox Keys & Configuration" section. It contains the following text: "Here are the keys to your Sandbox Account. Once you're ready to start taking payments with a production Braintree Account you'll have to update your code, replacing these with your production Braintree Account keys." Below this text are three input fields, each with a copy icon to its right:

- Merchant ID:** cgnspp35qwkjpcp
- Public Key:** mztfw7fdpj74mv97
- Private Key:** 4d790c9051d1a514df9378197c65b702

4. The admin will be redirected to the '**Sandbox API Keys**' page which displays all the keys under the '**Keys**' tab. The admin must copy and paste these keys in their settings ([Figure 1](#)).
5. In order to accept payments via multiple payment gateways (such as Google Pay, PhonePe, etc) in sandbox, click on the '**Processing**' button from the down-down list that appears when clicking on the '**Settings**' gear icon (figure 4 above). The admin can enable any number of payment gateways from this page to display them at the front-end of their website.
