Integration code for website

Paste this code to the <head> section of your web dashboard.

This script is asynchronous, so it won’t slow down your website.

```javascript
<script>
window.Engagespot={},q=function(e){return function()
{(window.engageq=window.engageq||[]).push({f:e,a:arguments}))},f=
"captureEvent","subscribe","init","showPrompt","identifyUser","clearUser";for
(s=document.createElement("script");s.type="text/javascript",s.async
=1,s.src="https://engagespot.com/track";var
x=document.getElementsByTagName("script")
[0];x._____________(s,x);
Engagespot.init('____________________');
</script>
```
